*Bluffton College, Bluffton, Ohio*  
*Vol. 59*

*Looking Back Through Time*

## *Time Flies When*

The Bluffton Hall of Famers are given special recognition in the Homecoming Parade.

Queen Lynn Wert cuts the ribbon to open the Bluffton College Hall of Fame.

I'd like to place a person to person call to Raquel Welch.

## *You're Having Fun*

Isn't that simply disgusting.

Don't look now Bob, but there are a bunch of yellow jackets following you.

Homecoming success was the result of work from all.

## *Changing*

Have you found my contact yet?

Times have changed -

Hey it's a streaker!!!

... Haven't they?

Look, mom, no cavities.

Scott, I won't tell, if you don't.

Lou Ann Todd takes it slow and easy.

## *Fun in*

Food, glorious food.

Oops, there went a finger.

Did Bill say to turn the meat after a half hour, or an hour and a half?

Hey, you in the blue, pass the catsup.

What do you think the trajectory of this ball will be?

If George Blanda can do it, I can too.

## *We've Come a*

David Gast makes his appearance in the final scene of *Tartuffe*.

Presenting the 1974 mountaineering class who spent September at the Rocky Mountain Mennonite Camp.

Stan Bohn dedicates the observatory on the Swiss Farm.

I'm Robert Redford's stuntman.

# Long Way, Baby

Berky Science Hall before the face lift.

They said we could have the day off to clean up but I'll be doing homework all night.

May Day in the past.

Freshmen creaming.

Did you hear about . . . ?

Don you always hog the show.

Next time Cindy how about a little less piano?

Music from the 70's made up part of the agenda for the evening.

## *Remember*

School children brought a freshness to the 75th Anniversary entertainment.

The choral went all out in their performance for the evening.

Next stop Carnegie Hall.

## *Bluffton Faces Yesterday*

Don't worry about it, the best of us could be boring.

I have a Pepsodent smile.

I'm irresistible - they're crawling all over me.

Well what does the menu board say it is?

## *and Today*

Two all beef patties, special sauce, lettuce, cheese, pickles, onions, on a sesame seed bun.

The abominable beaver.

They should have a clean up committee for my room.

Want to go crusin'?

## *Anyone Have Some*

Do they really eat this in Mexico?

I'm the gingerbread boy and you can't catch me.

Do you remember the time when . . .

You distract Bill and we'll grab the meat.

## *Spare Time?*

Marjorie Bartelts performs at the coffee house.

Hallelujah.

The lobbies get stranger every day.

Smile, your on candid camera.

*Campus Life*

People are what make up Bluffton College and that is what this section is all about - People. We're fortunate to have a variety of individuals that come from all walks of life, each with something unique about them to share with everyone else. These following pages are an attempt at showing what happens when you have a college campus full of different people interacting daily with each other. It's often been said that academics is only a part of going to college and the most important aspect of higher education is dealing with people and doing things together - And you know, maybe that's true . . .

## People

Sometimes it takes all your strength to get those last few drops . . .

Mark Ramseyer involved with his work.

"Hi, my name is Jane! Welcome to Bluffton, U.S.A.!"

"Things have really gone up this year!"

When there's sunshine, the best place to watch anything is on the grass . . .

Tom Chapman, just strolling around the campus.

## *"Homecoming*

October 19, Homecoming Day 1974 was crisp and clear. The day began with the crowning of queen Lynn Wert. The queen's court included Rosie Chapman, Senior; Sue McDougle, Junior; and Cynthia Tice; Sophomore. The day's festivities continued with a parade down College Avenue to Harmon Field. The winning float entry was constructed by 2nd floor Ropp Annex and 2nd floor Bren-Dell. Through the efforts of Denny Ramseyer, Homecoming Chairman, and many others, Homecoming '74 was a day to remember.

Happiness is getting your float done in time for the parade . . .

"I didn't realize this would be so complicated!"

Queen Lynn Wert and co-captain Al Rodd highlight the pre-game activities.

# *Happiness"*

## *Powder Puff*

Queen Atens, and his court Greg Tolliver and Bill Krueger.

"Is everybody ready?"

"What kind of girls do you think we are!"

## *Freshman Olympics*

Jiminy Crickets!!!

Over easy does it!

In all seriousness . . .

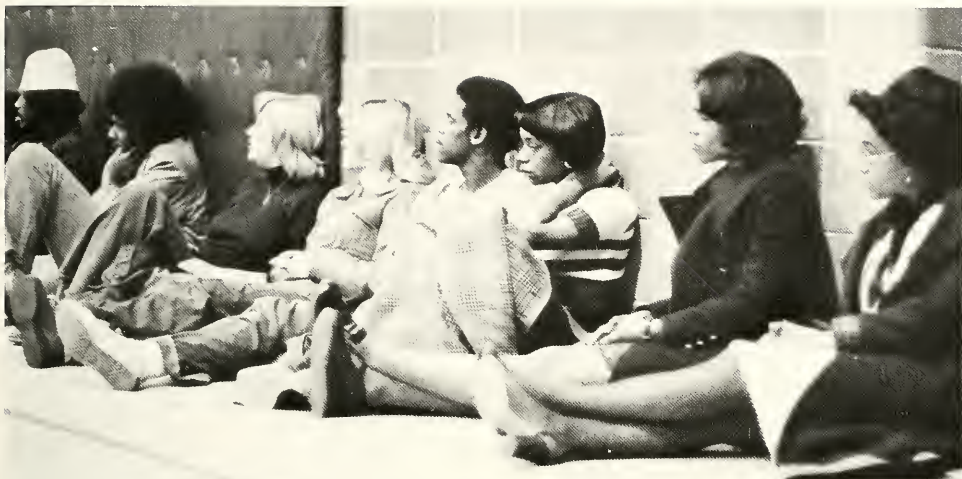

Are things looking up, Willard?

It's about time!!!

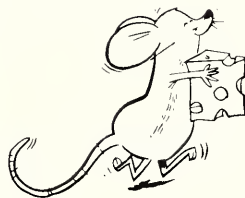

# Campus

"These games are really exciting!"

Air mail?

Considering the size of Bluffton, we were very fortunate to have some of the fine entertainment that we did on campus. Using the theory of different things for different people, the Marbeck Board gave us some fine concerts, from mellow duos to heavy rock and roll bands. We also heard some good on-campus talent through shows as during International Week. However, the highlight of the concert year was the Man/R.E.O. Speedwagon show which packed the walls of Founder's. Since things happened that evening that didn't go along with Bluffton tradition and regulations, it seems doubtful that we're going to have another rock concert in the near future. Whether or not it was "good" or "bad," the R.E.O. performance is something that will certainly linger on for awhile . . .

## Bluffton

The "Desert Ray" performing their soft brand of music in Marbeck Center.

Shawn Euphrat and John Roseman doing an acoustical set during the International Week talent show.

## Concerts

The capacity crowd of Founder's Hall waiting for Man and R.E.O. Speedwagon to start the show . . .

Gary Richrath of R.E.O. getting his licks in.

Rockin' Steady - Alan Gratzler of R.E.O. Speedwagon on drums.

*"Keep on Smilin'!!!"*

Looks like Daisy's in the lead, Jeff.

What's going on back there?

Happy people . . . Happy smiles

A smile like this can brighten anyone's day!

That's a one-in-a-million grin!

Mr. Shy Guy

It must have been funny . . . let us in on the joke!

This is sure Greek to me . . .

Many individuals experienced group living during the 1974-75 year. The various groups included the Christian living group, the Spanish and French houses, the Xenia study group, and of course the people that lived communally in Riley Court for the entire year. This seemed to be a good thing for most of those involved and a pleasurable part of campus life.

The Christian living group giving thanks.

*“ . . . to the Hassles of Studying ”*

Jim Einstein II

Happiness is just one more page to go!

Hey, the computer made a mistake!!!

## *"Dorm*

Because so much of one's time is spent in the residence hall, "dorm life" must have a place in this section. These pictures only show the good times of living in a dorm, and really don't show any of the problems involved. That's because year-books are for good memories RIGHT, and fifty years from now you really don't want to remember your obnoxious roommate, the stereo blasting nextdoor, the crowded restroom, etc., etc.

...

Just takin' a break.

You guys aren't serious are ya?

Dave - Studying?!!?

*Life'' . . .*

This is the easy part!

Only bears know how to translate this!

This isn't double trouble, this is triple trouble!

## *"Enhancing the Academic . . .*

An important part of campus life is attending various things, including forum and chapel. We had many that were very worthwhile, and others that were . . . well - Anyhow, forum and chapel are just two examples of the many opportunities open to us to enrich our minds - both intellectually and spiritually.

Rick Hite chairman of the Forum Committee presents another speaker for our enjoyment.

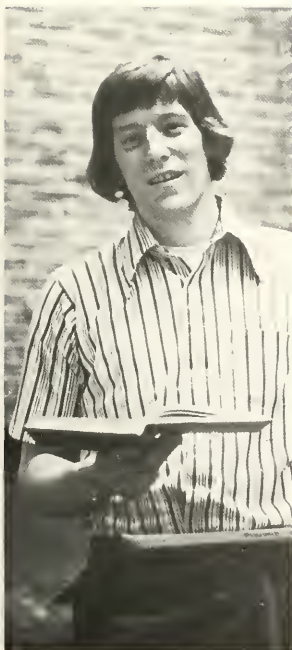

President Sprunger is shown congratulating a speaker for a job well done.

... and the Spiritual"

Singing is a vital part of our campus worship.

Dave Rusk is caught with his faith in action.

Chapel is the place for varied student worship to be presented for the entire campus community's growth.

- Magic-To-Do -

This isn't as easy as it looks.

Remember, practice makes perfect . . .

## *Performances!!!*

The Rhymers of Eldritch . . .

"You have to be kidding!"

Just a friendly quarrel - Wouldn't you say?

## Bluffton College

Featuring some of our foremost talent, "Godspell" was presented during the last two week-ends of May. Starring John Suter as Jesus, the cast gave a remarkable performance and made us think about the things they said through words and music. "Godspell," with all the labor and individuals involved went over well, and was something that we all can be proud of . . .

The prodigal son is joyously welcomed home.

The Last Supper brings about special meaning to each individual cast member.

Julie Osborn seems to be a little shy about telling about a sower sowing some seeds.

## *Presents "Godspell"*

Is your seat comfortable Sir?

Denise Britt sings "Day By Day" to Jesus as portrayed by John Suter.

The Crucifixion scene aids in bringing about serious thoughts and conclusions.

## *The Long*

Freshmen displayed their talents by performing the traditional May Day dance.

Pat Shaner May Day Queen of 1974 presented the 1975 crown to Rosie Chapman.

The May Day Court consisted of Mark Roeschley, Rosie Chapman, Denny Ramseyer and Kathy Sivey.

*Awaited Dream*

Lou Ann Todd proudly receives her reward for four hard years of work.

Commencement speaker David Augsburg gave some important tips to the graduates.

We made it, we finally made it.

Dean Neufeld was present to give his congratulations to former Student Senate leader Ken Spiert.

## *Starting Off on the Right Note*

CHORALE SOCIETY, a group of singers from the college and the community, perform Handel's MESSIAH each year in December.

Bluffton's concert band, the WIND ENSEMBLE, broke new ground this year by traveling to and performing at a high school for the first time, along with their regular concerts.

## Sing a Song

The four music education majors pictured got together their freshman year and formed ADABONTHIA, Bluffton's women's barbershop quartet. Their repertoire includes barbershop, sacred, folk, and humorous songs. They sing throughout the year, on and off campus. Their biggest performance this year was at Findlay for the Young Presidents of Northwest Ohio. All are juniors now, and they all play recorders and the guitar.

Once again the Bluffton College chorale traveled extensively to give its weekend concerts throughout Ohio. During Easter they toured Pennsylvania, New York, and Washington D. C. At home they sang at the 75th anniversary program in October and at the baccalaureate.

ADABONTHIA: Amy Simcox, Rhonda Badertscher, Bonnie Mohr, Cynthia Neufeld

CHORALE, ROW ONE: Diane Griffith, Rhonda Badertscher, Julie Osborn, Jo Dickey, Deb Shultz, Sandy Hartzler, Diane Bauman, Bridget Blanchard, Kathi Short, Kim King. ## Keeping Interests in Harmony

Larry Koverman and Lester Lute appear to be trying out for "The Odd Couple."

One of the more active organizations on campus this year was the Ohio Student Music Education Association. Their major project was the sponsorship of a special music-education oriented weekend for PSers and alumni. They also organized a trip to see PIPPIN, sponsored several guest speakers, and sent 18 music majors to the Cincinnati OMEA convention.

OSMEA, ROW ONE: Todd Thompson, Lester Lute, Louise Wineland, Deb Shultz, Jean Lovell. ROW TWO: Sharon Slater, Ed Myers, Bonnie Mohr, Jeff Foulkes, Margie Zion, Mike Line, Diane Griffith, Trish Nietz, Rhonda Badertscher, Larry Koverman, Kathy Pease, Ms. McNamara, Kim King, Mike Hibbard, Bruce Auer.

## Making Decisions

BLUFFTON'S WOMEN'S STUDENT GOVERNMENT ASSOCIATION (WSGA), set dorm policies, provided newspaper and TV services and sponsored craft sessions, as well as the year-end bridal review. Activity was reduced by the rising cost of pop, WSGA's major source of revenue.

The OHIO STUDENT EDUCATION ASSOCIATION tried to open doors for those students going into education. This was achieved by monthly speakers and programs, mainly oriented toward students interested in education.

WSGA: Linda Davis, Janet Curtis, Cindy Tice, Becky Adams, Judy Peck, Jean Baumgartner, Sue McDougale, Mary Lou Breese.

OSEA: Joanne Passet, Pam Duncan, Reva Abraham, Krista Forry, Dr. Weate, Deb Brown, Paula Hartsel, Carol Rose, Beth Beidelschies, Kathy Sivey, Bill Rose, Dottie Koester. ROW TWO: Carol Wilgus, Bruce Wooley, Janice Ickes, Fara Engel, Pam Pippenger.

## Now Playing — BC Dramatics

TRAVELING PLAYERS TROUPE, ROW ONE: Bonnie Mohr, Julie Osborn, Janet Baldauf, Jo Dickey, LuAnn Stuckey. ROW TWO: Mark Hilty, Lester Lute, Loel Graber.

Intended to be a repertory group, the TRAVELING PLAYERS TROUPE performed throughout the year with two shows - a children's play entitled THE BUTTERFLY THAT BLUSHED, and a comic review based on the Revolutionary War, which was written for the most part by the group.

The DRAMA CLUB this year grew to an increased membership of theatre enthusiasts, drawing a large amount of interest from the freshman class. Members were encouraged to participate in all departmental productions. A Spring Drama Banquet was held, highlighted by the presentation of performance awards.

DRAMA CLUB, ROW ONE: Mark Hilty, David Althaus, Barb Fisher, Mike Hibbard, Donna Thompson. ROW TWO: Janet Baldauf, Karl Kirgis, Jo Dickey, Julie Osborn, Rosle Chapman. ## *New Discoveries*

Dr. Suter diligently reading and studying his favorite comic book.

The Science department at Blufford offers majors in Biology, Chemistry, Molecular Biology, and Physics. Also added this year was a program in Medical Technology, which involves three years at Bluffton taking certain courses and then a fourth year at a hospital school of Medical Technology. Many students use a science major from Bluffton College in preparing for further work after graduation. These may include medical fields or other health fields, ecology, also industry, or research to name only a few of the opportunities open to a science major.

The long awaited and much needed science building has been designed and a site has been found; its completion is expected in three to four years. Many more labs and new equipment will be available for student use; a different design in lab location will prevent "leaky ceilings" - a plight sometimes experienced by students in Berkly Science Hall classrooms! Undoubtedly this new facility and continued quality education offered by the science department will greatly enhance Bluffton College in the eyes of Prospective Students.

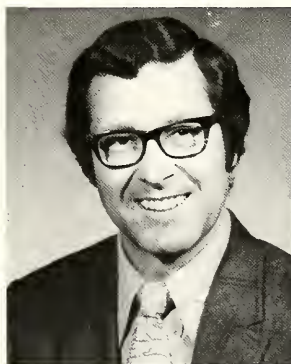

The science department offers a broad range of courses for those who have specific interests, but also gives an opportunity for those students who want a general view of what science has to offer in order to narrow down their particular interests in preparation for a vocation.

We believe that the Art department here at Bluffton College offers exciting opportunities in many areas for Art majors.

Creativity is the core of our strength because that is what we do: creating out of materials the images of our past and present and future. Our location enables us to bring in many artists and resource people from surrounding areas.

A few of the exciting courses offered are figure drawing, design, sculpture, ceramics and photo-silkscreen.

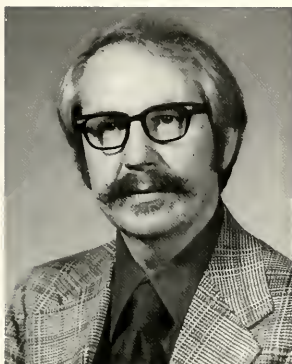

Penny Hudson, Instructor of Housing and Home Furnishings

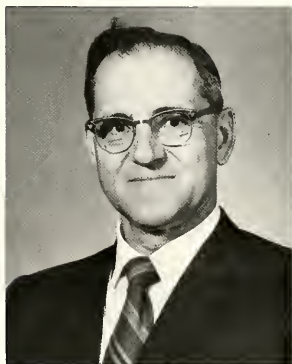

## *We Can Work It Out*

The mathematics department offers a selection of courses designed to fit a variety of needs and interests.

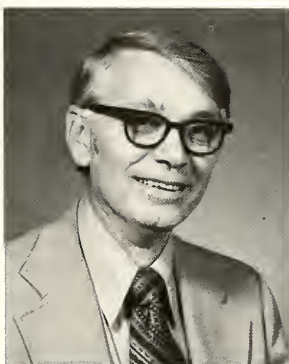

The non-math majors may take one or more courses to satisfy a need for specialized math skills or knowledge. The intent is to keep the courses updated, to use modern methods, and equipment and to teach in a humane and sympathetic manner.

Leland Lehman, Professor of Economics

Howard Krenbiel, Associate Professor of Mathematics

Ronald Friesen, Associate Professor of Economics

While biking through the park one day, in the merry, merry month of . . . January?

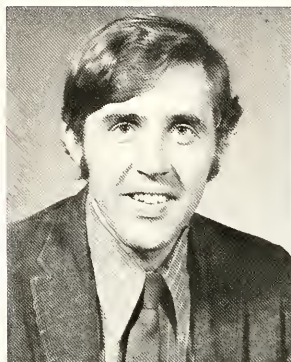

Sam Wagner, Computer Center Director

The department of Economics and Business currently offers three majors. These are: Economics, Business, and Accounting. The three majors have some common courses, but differ in specific requirements, elective courses and in vocational objective.

With appropriate academic work in the above majors supplemented with related courses we believe students can qualify for a wide range of opportunity in business, industry and government; or for graduate study in these and related areas.

## Broadening Horizons

Along with the wide range of courses and Huex programs, the history department has interacted with other departments and colleges in extra curricular activities throughout the year. Rick Hite, associate professor of history, and several students participated in an inter-collegiate conference in co-operation with the philosophy department. John Unruh, associate professor, gave the guest speech at the centennial celebration of the Russian Mennonites in the Dakotas, entitled, "After a Century on the Frontier." The department chairman, Dr. Von Hardesty, led a tour to the Soviet Union during the January Module.

Von Hardesty, Assistant Professor of History

## Would You Like to Talk About It?

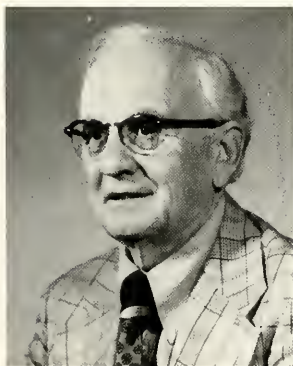

Rhea Forman, Assistant Professor of Psychology

William Beausay, Assistant Professor of Psychology

A young department that is finally being weaned. It is fastly gaining maturity. This year it has grown to encompass a wider range of interests. Diverse courses from Masks to Skinner were offered. It is becoming more advanced with the development of the Psychology Labs, equipped with various new apparatus. There is a lot of room for growth, but the interest has been sparked and the emergence of an exciting department has begun.

Carl Smucker, Associate Professor of Social Work

Sociology is the study of man reacting to his environment and social work is putting this knowledge into action. In both of these fields a student will learn how to cope with the different social phenomenon in every day life. Mr. Smucker and Mr. McCartney seek to prepare students for either immediate entry into the field or further study.

# Wealth of Knowledge

Delbert Gratz, Professor of History and Librarian

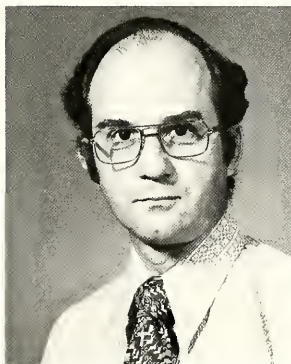

Mary Ann Moser, Library Cataloger

Harvey Hiebert, Associate Librarian

Perry Yoder, Associate Professor of Religion

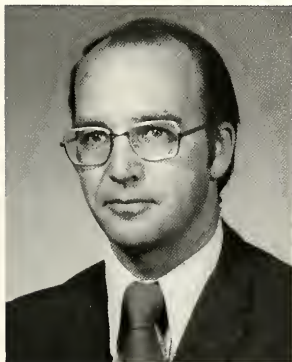

Burton Yost, Associate Professor of Religion

Bluffton's department of religion hopes to expose the student to the various questions of his faith and the reality of God actively working in the world.

Along with preparing departmental majors for the Christian ministry, the department also helps students to gain insights on Christianity and other religions through Huex courses.

Two extra activities of the department are the religion conferences in the fall and the course taught jointly with Goshen College in the spring - this year, Christians and Politics which included a weeks visit to Washington D.C.

David Schmidt, Assistant Professor of Philosophy

Besides the regular course work and Huex offerings, members of the philosophy department have actively participated in a number of extra-curricular activities. In particular, faculty and students have attended sessions of the American Philosophical Association, the annual Wheaton Philosophy Conference, the Conference on Christianity and Contemporary Culture (held at Bluffton), and have read papers at the annual Bluffton-Goshen Conference sponsored by the philosophy and religion departments. The department has also been gratified to success of its majors in graduate work in philosophy, theology, law as well as other fields.

## *I'd Like to Teach the World*

N. Emerson Miller, Professor of Education

If you are looking for a demanding and satisfying profession which serves humanity, perhaps teaching is the profession for you. Bluffton College offers an exciting, innovative program for prospective elementary and high school teachers.

What does the Education Department offer you?

- Personalized instruction by professors
- An activity-centered approach to learning
- Your own special portfolio of teaching materials

- Preparation for certificate in special education
- Student teaching in Bogota, Columbia; Vienna, Austria; or inner-city schools such as Lima.

In the past two years the Education Department placed 86% of the department graduates requesting placement. This indicates the respect that administrators have for Bluffton College teachers.

Considering a challenging program leading toward a challenging profession? If you are, the Education Department would like to talk with you.

Lawrence Templin, Professor of English

Mary Ann Sullivan, Assistant Professor of English

Kathleen Petro, Instructor of Intermediate and Conversational French

Linda Suter, Assistant Professor of English

Sally Reeder, Assistant Professor of Foreign Language

The English department is responsible not only for English courses and major requirements, but also for proficiency in the language, journalism, publication of literary magazines (when they happen), and a substantial share of the Human Exploration courses. In the department offices is a curriculum library for student teachers. The department is proud to have pioneered in sponsoring a student-initiated and student-taught course in fantasy this year.

Language students are finding that learning French, German or Spanish need not be confined to the classroom and language lab. At Christmas time you may have heard our carol singing in the Barn. In January, the Spanish Living Group in Riley Court struggled with speaking *only* Spanish on the premises, as well as preparing some ethnic meals, and learning songs and games from Spanish-speaking countries. The Language Table became a once a week event in Marbeck Commons during Spring Term. Dave and Mary Jo Schmidt contributed much to the success of the French Table.

## *Music — The*

Bluffton's music department offers everything from opera to African field drums in its education oriented program. Some of the activities of the department are bands, chorale, choral society, Requiem with the Lima Symphony and various concerts. A high school band workshop was held for the area high schools.

Ginny Baldauf  
"Editor"

You might wonder what would possess two otherwise relatively stable College students to undertake the task of editing a yearbook. We often wondered ourselves. However we are pleased with the outcome of the book and hope that it provides many pleasant memories for you too.

A lot of time and energy has been devoted to the publication of this book and we sincerely would like to thank everyone for the long hours of work. Many people deserve a note of gratitude for the exceptional pictures. Special thanks to Von Hardesty for the use of the old photographs, Neil Parent for the color prints, Jerry Sauder and Yiu Cheung Lai for their many laboring hours and excellent prints, and Bev Massie, Director of Information Services for her cooperation and assistance.

Editing a yearbook is not an easy task; we deeply appreciate the guidance of Lawrence Templin, Faculty advisor, and Steve White of Taylor Publishing Company.

We hope that the 1974-75 ISTA has helped to produce happy memories for you as you - LOOK BACK THROUGH TIME
